

Number: PL-309
Date: October 31, 2001
From: North American Numbering Plan Administration (NANPA)
Subject: Amended 219 NPA Split Creating 574 and 260 NPAs (Indiana)

On August 17, 2001, NANPA issued a Planning Letter 296 announcing the split of the 219 NPA and the assignment of the 574 and 260 NPAs, in accordance with an order (Cause No. 41535) by the Indiana Utility Regulatory Commission (“Commission”). On October 17, 2001, the Commission amended its previous order and modified the split boundary lines of the 219 NPA. The Commission also changed the start date of the permissive dialing period, and extended the timeframe before NXX codes in the 219, 574 and 260 NPAs can be reassigned. Accordingly, PL-296 is superseded by the issuance of this planning letter.

The new 574 NPA will serve the central portion of the existing 219 NPA, with the exception of the Rolling Prairie, La Porte, Westville, Union Mills and Hanna rate centers, which as a result of the recent Commission order have been transferred to the territory served by the 219 NPA, post split. Furthermore, the Commission order also transfers the Ligonier and Cromwell rate centers formerly assigned to the 574 NPA, into the territory that will be served by the new 260 NPA. The attached map identifies the NPA boundaries after the split takes effect.

Attached is an updated listing of the 219 NPA central office codes, rate centers, and Common Language Location Identifiers (CLLI) that will remain in the 219 NPA and those that will move to the new 574 and 260 NPAs. This information is current as of October 29, 2001. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia Technologies, Traffic Routing Administration (TRA), at 732-699-6700.

In accordance with the amended Commission order, the split of the 219 NPA and the beginning of the permissive dialing period, will take place at 12:01 AM (Central) on January 15, 2002. The permissive dialing period will end at 12:01 AM (Central) on June 14, 2002. During the permissive dialing period, either the 219 or the new NPA code will be acceptable in a dialed number terminating in the new 574 and 260 NPAs. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept. Furthermore, the Commission requires a 45-day period beyond the start of mandatory dialing before NXXs will be reassigned in the 260, 574 and 219 NPAs. Accordingly, the earliest effective date for new NXXs assigned in either the 574 or 260 NPAs will be July 29, 2002.

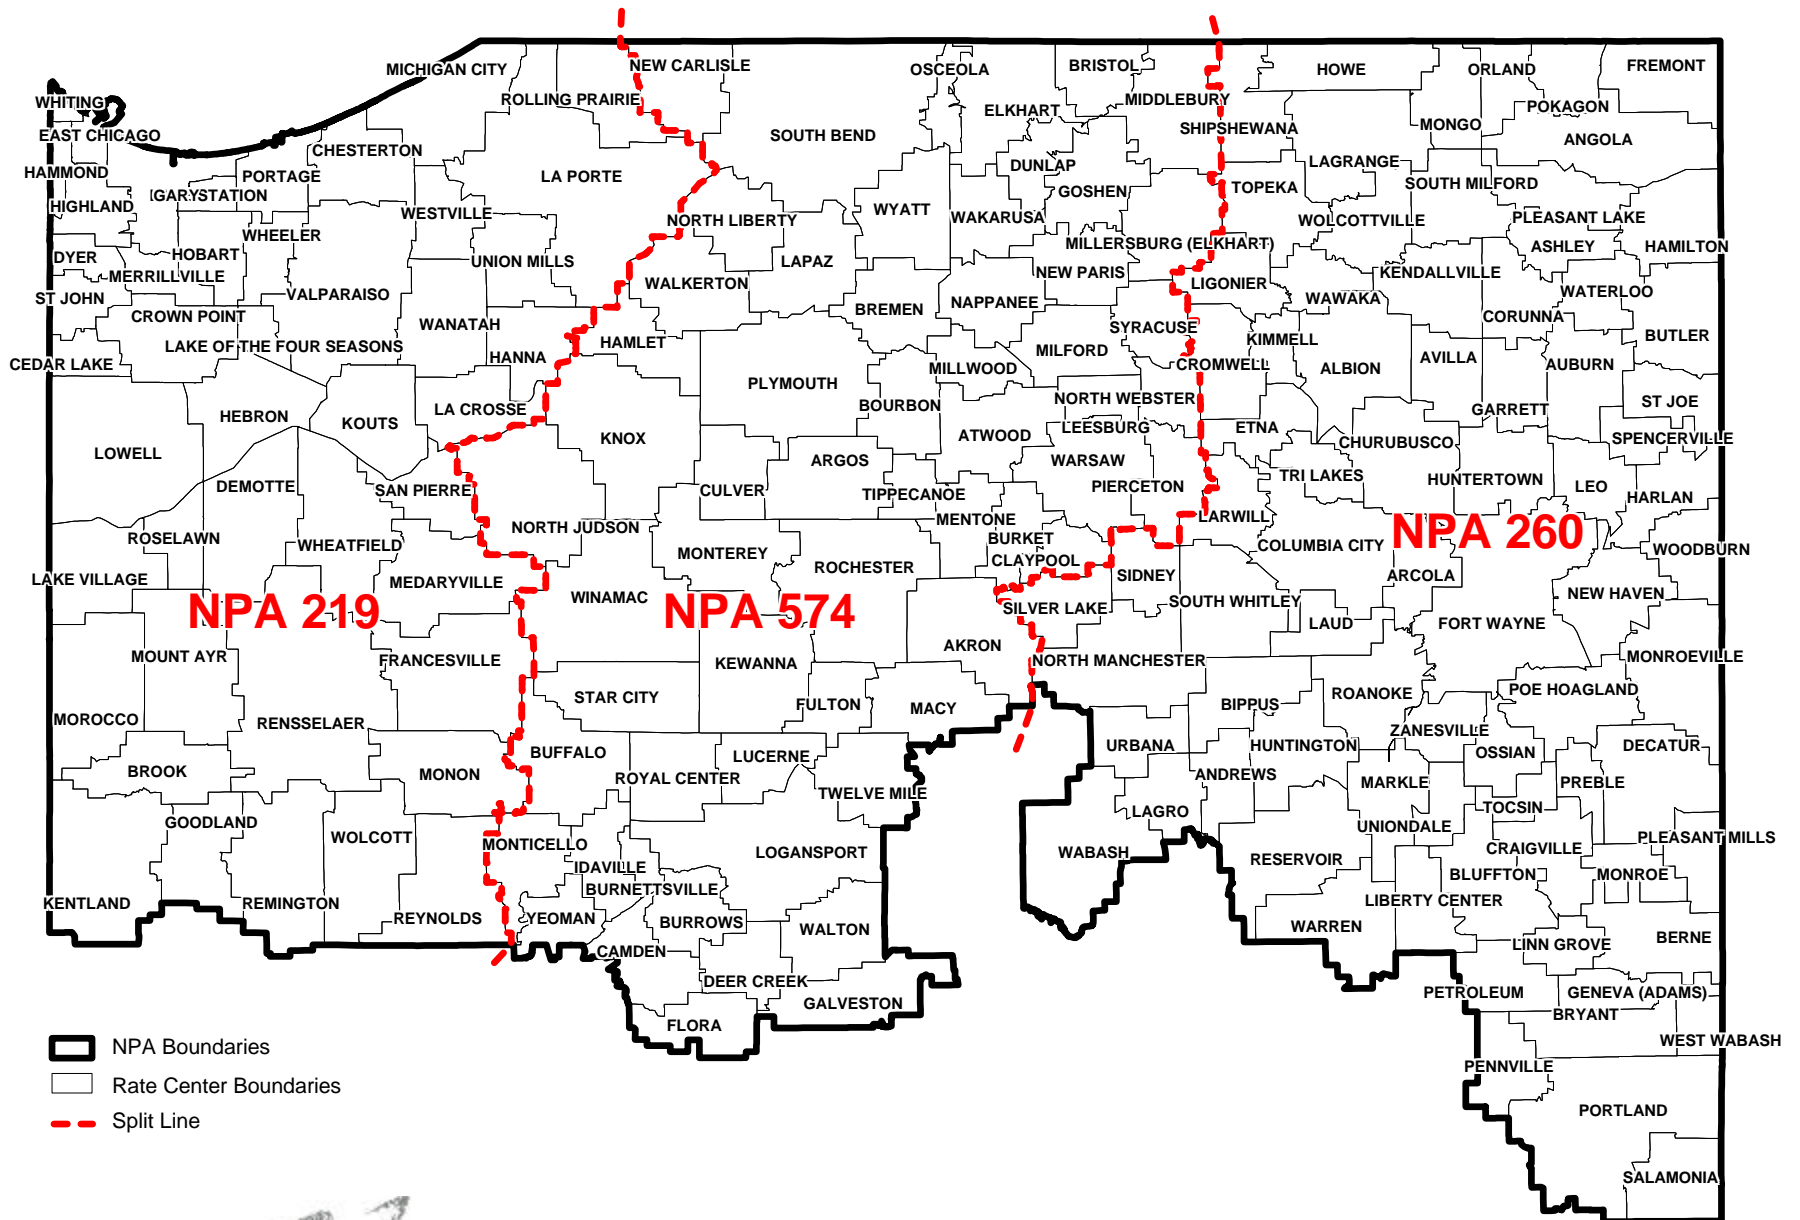

After the beginning of mandatory dialing on June 14, 2002, the dialing plan for the 260, 574 and 219 NPAs will be as follows:

- All local intra-NPA calls will be dialed as 7-digits (NXX+XXXX).
- All local inter-NPA calls will be dialed as 10-digits (NPA+NXX+XXXX).
- All toll calls will require dialing "1" followed by 10 digits (1+NPA+NXX+XXXX).
- All operator assisted calls, including credit card, collect, and third-party calls will require dialing "0" followed by 10-digits (0+NPA+NXX+XXXX).

All international and domestic carriers should ensure that the new 574 and 260 NPAs have been activated throughout their networks prior to January 15, 2002. Test calls to verify the routing to the 574 NPA can be made by dialing 574-232-1433. Test calls to verify the routing to the 260 NPA can be made by dialing 260-925-2680. The test number(s) will be in service beginning December 15, 2001 through July 29, 2002. A recorded announcement will indicate that the test call has been successfully completed.

General questions regarding the relief of the NPA 219 should be directed to Frank Colaco, Senior NPA Relief Planner NANPA, on 973-740-9100. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
