

Number: PL-212
Date: February 18, 2000
From: North American Numbering Plan Administration (NANPA)
Subject: 517 NPA Split, Creating 989 NPA (Michigan)

The Michigan telecommunications industry has reached consensus on a plan to provide number relief in the 517 NPA. The plan calls for a geographic split of the 517 NPA and the introduction of a new NPA, 989.

The split of the 517 NPA, and the beginning of the permissive period, will take place at 12:01 AM Eastern time on August 19, 2000. The permissive period will end at 12:01 AM Eastern Time on January 20, 2001. During the permissive period, either the 517 or 989 NPA code will be acceptable in a dialed number terminating in the new 989 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

The attached map illustrates the 517 and 989 NPA configuration after the split. Also attached are listings of the assigned central office codes (NXXs) remaining in the 517 NPA and moving to the 989 NPA as a result of the split. This information is current as of January 15, 2000. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia's Traffic Routing Administration (TRA), at 908-699-6700.

All international and domestic carriers should ensure that the new 989 NPA has been activated throughout their networks prior to August 19, 2000. Test calls to verify routing to the 989 NPA can be made by dialing 989-754-2078. The test number will be in service beginning August 19, 2000. A recorded announcement will indicate that the test call has been successfully completed.

The dialing plan for the 517 and 989 NPAs will be as follows:

- All local calls terminating in the home NPA will be dialed as 7 digits (NXX+XXXX).
- All local calls terminating in a foreign NPA will be dialed as 10-digits with no prefix (NPA+NXX+XXXX).
- All toll calls will require the prefix "1" and ten digits (1+NPA+NXX+XXXX).
- All operator-assisted calls, including credit card, collect, and third party calls, will require the prefix "0" and 10 digits (0+NPA+NXX+XXXX)

General questions concerning the relief of the 517 NPA should be directed to Sandy Tokarek, NANPA, on 401-821-7761. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
